NOTIFICATION OF APPROVAL OF PLANNING PERMISSION

Application Number: 183224
Applicant Name: Mr B Guthrie
Site Address: York Cottage, Pearson Road, Sonning, Berkshire
Proposal: Householder application for the proposed single storey rear extension following demolition of existing kitchen.

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby **grants permission** for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Conditions and Reasons

1. Timescale

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004).

2. Approved details

This permission is in respect of the submitted application plans and drawings numbered GYC/18/5 A received by the Local Planning Authority on 17th December 2018. The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.

3. Further details required

Prior to the commencement of the relevant part of the work the following details shall be submitted to and approved in writing by the local planning authority and shall be implemented as so-approved prior to occupation of the development.

- a) Roof tiles
- b) Rainwater, drainage and ventilation goods
- c) External joinery (including windows and doors)
- d) Brickwork, confirming match with existing in terms of brick, bond, mortar and pointing details

Reason: To help ensure the satisfactory control of the work to the listed building in order to safeguard its special architectural or historic interest. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

4. No sawing of timbers

No timbers or joints between timbers shall be sawn in connection with the works hereby approved without the prior express consent in writing of the local planning authority. Any dismantled joinery shall be carefully stored under weatherproof and secure covers on the site until required for reuse in connection with the works hereby approved.

Reason: In order to safeguard the special architectural or historic interest of the building. Relevant policy: National Planning Policy Framework Section 16 (Conserving and Enhancing the Historic Environment) and Managing Development Delivery Local Plan policy TB24.

5. Archaeology

No development, including demolition or site preparation works, shall take place within the application area until the applicant has secured the implementation of a programme of archaeological works, in accordance with a written scheme of investigation, which has been submitted by the applicant and approved by the Planning Authority.

Reason: The site lies within an area of archaeological potential, specifically it lies within the curtilage of a Grade II listed, 16th–century house within the historic core of the medieval settlement of Sonning. A programme of archaeological work is required to mitigate the impacts of development and to record any surviving remains so as to advance our understanding of their significance. Relevant policy: Paragraph 141 of the NPPF and local plan policy, TB25 of MDD Local Plan.

6. No works hereby permitted shall commence until a licence for development works affecting bats has been obtained from the Statutory Nature Conservation Organisation (Natural England) and a copy has been submitted to the council.

Thereafter mitigations measures approved

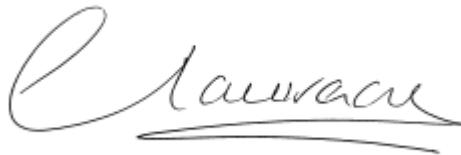

in the licence shall be maintained in accordance with the approved details. Should the applicant conclude that a licence for development works affecting bats is not required the applicant is to submit a report to the council detailing the reasons for this assessment and this report is to be approved in writing by the council prior to commencement of works.

Reason: The house hosts three bat roosts which may be affected by the proposals. This condition will ensure that bats, a material consideration, are not adversely impacted upon by the proposed development, and that the Council demonstrates that the council has fulfilled its duties under the Conservation (Natural Habitats &c.) Regulations 2017 (as amended). Relevant policy: NPPF, CP7 of Core Strategy and TB23 of MDD Local Plan.

Informatives

1. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF.
