Informatives

1. Conditions 3,6, and 7 of the original approval have been discharged by application 193404 dated 10/02/2020 and conditions 4 and 5 of the original approval have been discharged by application 200577 dated 30/03/2020.

2. Whilst it would appear from the application that the proposed development is to be entirely within the curtilage of the application site, the granting of planning permission does not authorise you to gain access or carry out any works on, over or under your neighbour's land or property without first obtaining their consent, and does not obviate the need for compliance with the requirements of the Party Wall etc. Act 1996.

3. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received. This planning application has been the subject of positive and proactive discussions with the applicant in terms of:

- extending the determination period of the application to allow for a bat survey to be undertaken and submitted for consideration;

The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.
