COMMENTS:

I firmly object to this application. This area does not have enough amenities (shops, doctors surgeries, roads even) to handle the extra 300+ people and ~150 cars. School Road was purposefully closed to through traffic to reduce the binder of cars on the road, this will

increase the traffic. School drop off and pick up is already a nightmare- this will make it worse. This area has had enough investment in houses, share the love somewhere else.
