COMMENTS:

I object to this application (No.251862) on the basis that the proposed use of the site is totally inappropriate for the location. It will provide no benefit to the local community, on the contrary, all it will do is introduce more noise and nuisance for local residents, particularly early in the morning and/or late afternoon/evenings. It will add nothing positive to the area and will have only a negative impact on the lives of local residents. I implore you to reject this application.
