COMMENTS:

Gazelle way is used to by long based double decker European Coaches to drop and pick Mon to Fri (7:30-8:30am / 6-8pm) international European students by local hosts throughout the year esp Feb to June and Sep to Dec. It's already a busy road with delivery lorry's too. Our coaches use this area as a safe off the road place to drop young students and their doors are on the roadside which make parking at bus stops unsafe. Congestion would be a concern. It's already busy area with shoppers too. Also, local school buses and taxis use this area too for picks and drops.
