ADDITIONAL PLAN

4496 J

Key to Tree Numbers.
To be read with the arboricultural survey document.

Colour Codes.

T1 Quality Class A.
T1. Quality Class B.
Quality Class C.
T1. Quality Class D.

Tree Key:
Tree numbering on site commences with 03311 and finishes with 03340. For simplicity only the last three digits have been used to identify individual trees scheduled below.

Tree No.	Species
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Approximate Location
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Approximate Location
	Common Alder *(Alnus glutinosa)*
	Approximate Location
	Common Alder *(Alnus glutinosa)*
	Approximate Location
	Common Alder *(Alnus glutinosa)*
	Approximate Location
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Approximate Location
T331	Birch *(Betula pendula)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Common Alder *(Alnus glutinosa)*
	Birch & Hazel *(Betula pendula Corylus avellana)*
	&
	Goat Willow *(Salix caprea)*
	Approximate Location - located to the west of T335
	&
	Birch *(Betula pendula)*
	Approximate Location - located to the northwest of T335
	Birch *(Betula pendula)*

Notes:

1. This drg. has been prepared directly from a site survey drg. no. BS210147/100A dated 19/02/2001 provided by Glanville Consultants Corinthian Court, 80 Milton Park Abingdon OX14 4RY
2. This drg. to be read with the arboricultural survey report document reference 01032/01 dated 04/09/2001.
3. This drawing is not to be used for construction purposes.
