Dear Mr Dodd,

EXTENSION OF CHALET AND TOURER LICENSE AT CALIFORNIA CHALET AND TOURING PARK

I refer to your letter received on the 1 November 1999 with reference to the above.

I am able to confirm that to extend your license to 31 December 1999 would be against the terms of your lease. I would suggest that you renegotiate the terms of your lease with the Property Department.

I trust this advice is of use to you and should you wish to discuss any matter further please do not hesitate to contact Natalie Brown.

Yours sincerely

29th October, 1999.

For The Attention Of The Planning Department.

Dear Sirs,

Further to my conversation with you yesterday afternoon I confirm my request to extend the period of our Chalet and Tourer license to December 31st. At present this runs from 1st March to 31st October for the Tourers and Easter to 31st October for the Chalets. In the future we would like both Chalets and Tourers to commence on the same date i.e.; 1st March.

The reason for this request is to enable us to accommodate the considerable number of visitors that have asked to return during the Autumn and particularly over Christmas and the Millennium. We would certainly like to do this particularly for our regular local visitors.

The improvements we have made since the purchase of the park in 1997 include the extension of the toilet, shower and laundry facilities, tarmac surfacing of the entrance and the main drives through the park, gravel paths and walkways. This has made the park more attractive and comfortable for the visitors which has encouraged them to return.

Further work is planned which will include the continuation of the Chalet refurbishment and up-grading the roof insulation and main windows. Groundwork, tree-thinning and replacement will continue along the lines previously discussed with Mike Needham, your Woodland Manager.

It would be appreciated if our request could be actioned as quickly as possible. Should you wish to discuss this in more detail I would be pleased to visit your office at a convenient time.

Thank you for your assistance.

Yours truly,

Len Dodd
Proprietor.

Appraisal :

Planning permission was granted for the stationing of 35 touring caravans at the site in 1974. A condition was imposed to prevent the site being used between the months of November through to February.

The applicant is now seeking the variation of this condition to allow caravans on the site 12 months of the year.

It is not considered that there would be any additional harm to the surrounding area and all the residential properties are some distance away.

A condition is still place restricting the use of the site to recreational purposes only and this would prevent any residential occupation.

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent:	for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.
Advertisement Consent:	for the display of advertisements or signs
Building Regulation Approval:	for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or by the Chief Officer responsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.
