

Community Involvement

Dining and office extension

Wade day centre provides a day care facility for members of the public providing relief for carers and a change of environment/scene for its members. Wade provide a range of entertainment and facilities.

What We Offer...

The Centre provides a very pleasant location near the town centre for the use of the older residents of Wokingham and surrounding area.

We have a professional team of fully qualified care staff who provide hands on personal care and ensure all members' needs are met.

We provide a substantial, healthy freshly cooked two course midday meal, morning and afternoon refreshments. Physiotherapy, occupational therapy, chiropody and hairdressing services are also available.

Outside our beautiful Grade II listed building with its large conservatory, we have a patio area and sweeping gardens with lawns, where members and their guests can relax and enjoy the atmosphere or play outdoor games.

Activities

The care team organise various activities throughout the day to keep the members engaged.

Flower Arranging

Games

Seated Exercises

Live Events

To that end, it provides an essential facility to the community and as such, we hope that this application to extend the dining facility, and provide additional office space for the admin staff will be supported.
