By Email & letter

FAO Mr Nick Clark

Dear Mr Clark

Planning Permission F/2002/6996 Inverlodden Cottage, Ferry Lane, Wargrave
Compliance with Conditions 2, 3 & 4

I refer to earlier correspondence, and to your letter of 21 April advising me that the proposals for discharging Condition 4 were not acceptable to the Environment Agency.

I have taken instruction from my client, and can observe that because of this refusal, some substantial re-design of the foundation work is necessary in order to meet the requirements. This work is in progress and I will shortly be able to forward a revised set of proposals for your consideration.

I would also take this opportunity to advise you that work under the Planning Approval has been substantially commenced within the validity period of the approval, by the provision of sheet piling along the river bank in accordance with the details of the application. The work was carried out by a contractor approved by the Environment Agency.

Yours sincerely

David Edwards
