

Parking Provision Statement

The proposed development relates to the relocation of an existing boundary fence at 177 Colemans Moor Road and does not involve any changes to the existing vehicular access or parking arrangements.

The property will retain its existing off-street parking provision within the residential curtilage. There is no change to the number or layout of parking spaces as a result of the proposal.

Visibility splays are maintained in accordance with highway safety requirements, ensuring that safe access to and from the site is retained.

The proposal therefore has no impact on parking provision or highway safety.
