COMMENTS:

I am responding on behalf of Loddon Valley Ramblers.

I refer to paragraphs 6.80 to 6.88 of the Scoping Opinion application.

Loddon Valley Ramblers is pleased to see the references in paragraph 6.87 to mitigation measures to protect the visual amenity from the surrounding rights of way. However, we feel that the scope of the Environmental Impact Assessment should be widened to cover greater mitigation measures, through the provision of additional walking routes and open access areas within any development. In particular, new route(s) from Barkham Footpath 7 to Princess Marina Drive and the footpath and cycle network off Biggs Lane would be very valuable for walkers, with a potential route to Bohunt School, the Sainsbury supermarket etc via Hazebrouck Meadow SANG.
