COMMENTS:

Whilst I am supportive of the provision of an Islamic centre I am concerned with the impact on traffic and parking of this proposal. The access road to the site is difficult to exit already as visibility of traffic coming from Wokingham is not good and often causes near misses with people exiting. If this development is to go ahead improvements should be made to the junction.

In addition there is inadequate parking provision in the plans, given the experience of significant parking issues around the Mosque in Earley the number of spaces provided is unlikely to be sufficient. Parking owned by the surrounding retail units must be maintained for their customers.
