COMMENTS:

The proposed area for additional housing was originally earmarked for recreational use. I believe vehicle access was originally via park lane but now this appears to not be the case and so a significant increase in traffic along woodlark way is likely to be the result. Therefore additional noise over and above the original expectations from the plans seen prior to purchase of our property. Therefore I wish to object to this further additional development and that the land should be used for its original advertised use I.e recreational.
