Appraisal:

Proposed Development

The proposed development is a single storey rear extension to form conservatory. The extension will be 2m in length, it will be 2.1m in width and have a height of 2.55m.

The site lies in the identified settlement. The proposed falls to be assessed against policies in the South East Area Local Plan (adopted) and Wokingham District Local Plan (as proposed to be modified).

1. Impact upon neighbouring properties

Overlooking
There will not be any overlooking given that views to the north will be obscure by a 1.8m high close boarded fence. In addition views to the south will be screened by the lounge extension to the property.

Overbearing and Overshadowing
There will be no adverse impacts in terms of overbearing or overshadowing given the level of screening and the fact that the conservatory is a lightweight single storey structure.

2. Impact upon the character of the area

The conservatory will be screened from the street given that it is to the rear of the property and as such is not considered to have any adverse impacts on the street scene. Further, the conservatory will be a simple design in keeping with the design of the dwellings and the materials will match the existing property.
