☐ Objection due to the reason(s) **stated below**

Comments On Proposal

The site is in relation to a previous planning approval 250020. There is no net increase in the total numbers of habitable rooms, and three driveway parking spaces are proposed to be retained.

It is therefore expected that there will be no additional demand for car parking and no reduction in parking provisions.

No negative impact on abilities for cycle storage is expected, which is acceptable.

Conditions & Reasons (if required)

The same highway conditions as per 250020 are recommended:

1. CF4 – PARKING (AS APPROVED)
2. The development shall not be occupied until the vehicular access from the highway has been altered to provide a centralised circa 3.6m wide dropped crossing, unless agreed otherwise, in writing, by WBC Traffic Management (this work will need separate authorisation by the Borough's Traffic Management section – see informative below). – DROPPED CROSSING
3. Informative I22 – ACCESS CONSTRUCTION
