

An aerial photograph of a residential property. The central feature is a large, light-colored house with a complex roofline, including several gables and a chimney. To the left of the house is a paved driveway with a car parked. To the right is a large, dark-roofed structure, possibly a garage or shed. The property is surrounded by dense green trees. Two specific trees are highlighted with red circles and labeled: T1 is a large tree to the right of the house, and T2 is a smaller tree further to the right. A red pin icon is placed on the roof of the main house.
