COMMENTS:

I have visited White Cottage many times over the years, and it truly is a beautiful old building full of charm and history. Yet, as someone with limited mobility, I have also seen first hand how difficult certain parts of the home can be to navigate. What strikes me about this proposal is that it doesn't take anything away from the cottage's character, it simply allows it to grow, to remain welcoming, and to be enjoyed by people of all ages and abilities.

It's lovely to see the immediate neighbours supporting this, and I'm grateful that the planning process allows others, like me, who care about the future of this home, to share our perspective too. This kind of thoughtful, sensitive improvement ensures White Cottage can continue to be a place where family, friends, and future generations can gather and appreciate its setting for many years to come.
