COMMENTS:

The site is unsuitable to store 500,000+ litres of fuel so close to the nearby lakes. It is a huge environmental risk. The turning out of the site onto Old Bath Road A3032 is not wide enough to accommodate large HGV's who have to use both lanes to make the turn. This is extremely dangerous as they are turning into oncoming traffic including cyclists. Young children have to walk and cycle this road to school.
