PROPERTY ADDRESS : 62
: Colemansmoor Lane, Reading, Berkshire
: RG5 4LBT
SUBMITTED BY : Mrs Victoria Porter
DATE SUBMITTED : 01/12/2025

COMMENTS:

It is a flood site and has access via a small road to a village. The road is often blocked with traffic going in to Twyford which will restrict the movement of the lorries, it is also a route used by school children to and from the local primary and secondary schools. This will become very dangerous for them and take away their independence to walk to and from school on their own. The site is also surrounded by green space which is home to many different species of British wildlife, if there is a spill, much of this wildlife will be wiped out.
