COMMENTS:

This address is trading as Pizza Hut (Take Away & Delivery). We continuously use our shop windows to advertise our deals and new products (This can be verified). Having a huge telephone booth specially with a digital display will affect our shop's visibility, advertisements and customers. Which will have impact on our revenues. Also to mention 58, 60 and 62 all are competitors to each other i.e Pizza Brands and with this competitive market we need front space to stay clear of any obstruction.
