COMMENTS:

I object to this application on the grounds of road safety. The narrow country lane is not likely to be able to accommodate an increase in traffic safely and will put at risk , dog walkers and horse riders who must use the lane to access the nearby forest. The lane currently has two livery stables and an increase in traffic, some of which will be commercial, will place horses and riders at risk of being hit by cars and vans. The lane is narrow with several blind bends making it unsuitable for a significant increase in traffic.
