COMMENTS:

I would like to strongly object to this proposal. It also appears that previous proposals to develop this site have also been rejected. The reasons are, 1) Finchampstead is a Village and not a town, developing 40 new properties with circa 100 people and 60-80 cars is not sustainable to the existing infrastructure. 2) I am lead to believe that this site is a SSSI for bats, migrating birds and butterflies 3) Hasn't sufficient new plots already been approved by Wokingham Council re: Abortfield and other plots. 4) The closeness / density of the new plots is a concern.
