COMMENTS:

I strongly oppose this planning application. The current temporary permission has already disrupted the look and feel of the area by encroaching on Green Belt land, which goes against planning policy. The proposed permanent changes would irreversibly damage the neighbourhood's character and appearance, as the new residential buildings do not harmonise with the existing structures. The original permission was granted to accommodate a specific family for a limited time, and now that they no longer require it, the site should be restored to its original state as per the temporary permission.

Subsequently, a new application should be submitted to align with Planning Policy and the Twyford Neighbourhood Plan.
