Dear Mrs Vashi

RE: PLANNING APPLICATION F2002/5813
NEWLANDS FARM, ARBORFIELD

Further to the issue of planning decision on 2 December 2004, we write pursuant to Condition 8.

Please find attached herewith a plan showing details of existing trees and hedgerows to be removed and those to be retained.

As you will see there is very little vegetation on the site and the hedge which is to be retained is unaffected by the building works and does not require specific protection.

Our Architect is forwarding a landscape plan under separate cover.

We trust this is sufficient for you to be able to discharge Condition 8.

Yours sincerely
for Hicks Developments Limited

Jamie Flatman
