

PLANNING REF : 241933  
PROPERTY ADDRESS : 31 Edgcumbe Park Drive  
: Crowthorne, Berks.  
: RG45 6HU  
SUBMITTED BY : Mr Raymond Vincent  
DATE SUBMITTED : 06/11/2024

COMMENTS:

I wish to object to both planning applications 241933 and 242279:

1.) These developments would dramatically reduce the separation between Crowthorne and Wokingham and would destroy the rural surroundings of both.

Crowthorne has already been joined to Bracknell by the BFBC allowing major developments both sides of Nine-Mile Ride. These proposals would effectively produce a massive East Berkshire conurbation of Wokingham + Bracknell + Crowthorne.

2) I fully support other objections, already well specified, which well define the certain egregious consequences to the already overloaded road network in extra congestion and potentially accidents. These other objectors rightly emphasise the lack of safe pedestrian crossing facilities Northbound over/under the railway, especially for children walking to school.

Permitting either of these developments would be an outrageous offence to common sense. Please refuse both emphatically.
