COMMENTS:

I strongly object to this for the following reasons:

Road safety: The traffic is already terrible, with lorries driving round the tight corner it's dangerous for pedestrians and will increase the traffic.

Community and pollution: This is a small village next to a lake which is a totally inappropriate site for this. The risk of pollution from flooding and danger to wildlife is high. None of the local people want this here - there are no benefits, just risks to our village, wildlife and general safety.

Biodiversity: Planting a few shrubs and trees will not make up for the damage to the environment when there is flooding.
