DATE SUBMITTED : 05/12/2025

COMMENTS:

I strongly object to this development. Primarily because the area isn't designed to have HGVs coming to and from the site and an area of natural beauty (which we should be protecting) lies on the perimeter of the site. What happens if there is a fire or a spillage into the lakes?

The traffic congestion is already a huge problem during rush hour and the vehicles that will be entering and leaving the site will only add to this ten fold.
