Dear Mr Norman,

PROPOSED ALTERATIONS TO APPLICATION F/2002/8200 AT 18 CARLTON CLOSE, WOODLEY.

I refer to your letter received by the Local Planning Authority on the 19th of January 2005 with reference to the above.

I write to inform you that the changes outlined in drawing numbers SK01 and SK02 would not be accepted as minor amendments, due to the change in foot print and the overall difference in design. To proceed with these changes a new planning application would need to be submitted.

Should you require any further information, please contact Jonathan Kilner on the above direct dial number.

Dear Sirs

RE: 18 CARLTON CLOSE WOODLEY . APPL NO F/2002/8200

I refer to the above recent consent for two storey extension to the above.

My clients wish to improve upon the design and in particular give more interest to the front elevation. Please find enclosed copies of drawings SK01 & SK02. Please note that this does involve moving closer to the boundary, however the hipped end counters any overbearing effect to the neighbour, who has already been consulted.

I would ask if this update would be acceptable and whether it could be dealt with as a minor amendment.

Yours sincerely

Keith Norman Dipl Arch ARIBA

Planning Issues :

Application Number: F/2002/8200

Appraisal :

A part two storey part single storey extension on the side of a semi detached house.
The site is lower than no 17. The amount varies between 0.5m at the front. to .7metre at the rear.
No 17 has a covered way along the front boundary and one door on this side elevation.
The existing garage on the application site is fallen to the side boundary, but the proposal leaves a gap of 1m.
The two storey section does not extend beyond the rear of no 19 and the single storey section, although 3.5metres deep, has a flat roof which, coupled with the ground levels will not be detrimental to the neighbour. It will also match the depth of the exfsting S/S extension.
There is evidence of a number of other properties in the close with 2st side extensions. These have been set back from the frontage but all have been taken to the side boundary.
The current proposal is therefore considered acceptable because
a) it is not detrimental to the street scene.
b) it does not have any advarse effect on the neighbouring property
c) it will not result in a terracing effect.

NB. 3 car spaces are provided. 2 in driveway 1 in garage. This meets the criteria although garage width is substandard in width
