Dear Mr. Knight,

RE: 5 OLDFIELD CLOSE, EARLEY, READING. F/2002/8141

Further to our meeting on Wednesday last, I enclose a copy of sketches which I have produced based upon our discussions.

The rear extension has been reduced to 3.00m at ground floor level and the first floor extension reduced to 2.1 where it adjoins no.6 and set further away from the boundary.

In addition, the wall has been set 250 mm away from the boundary to enable the gutter and eaves to continue along this particular side and the parapet walls removed.

I would appreciate your comments as soon as possible with a view to making a resubmission of the application.

Yours sincerely,

16 SPRINGDALE
8302.

5 OLDFIELD CLOSE, EARLEY.
