COMMENTS:

After reviewing the details of the proposed extension, I noticed that the plans take into account a potential extension at our property (69 Dorset Way) which we are not proceeding with due to increased costs. Please see below for clarification:

Location Map

In the Location Plan, the drawing of our house at 69 Dorset Way is inaccurate. It shows the planned extension, which we have decided not to build. Our proposed extension is not even highlighted in this document.

Proposed Plans, Elevations, and Site Plan

These plans use a red area to indicate our planned extension, which, again, we are not moving forward with.

The proposed two-storey extension at the rear will significantly reduce the natural light coming into our house and garden from the southwest and west. For this reason, we must object to the proposal.
