COMMENTS:

Location of land to the rear of 302 an 304 London Road
This application was refused in 2017 (171226) and again in 2018/19
(182277) so I can't see how it can be continuous use for the past
10
years.
It has been quiet for a while with no noise and tyre burning and
other fumes, which has been appreciated.
