COMMENTS:

This is a detached property as is the next door house and an extension has been built attached to No 50 Oatlands which encroaches any access to do with repairs by the owner of No 50. There now appears to be a window which is not shown on the plan. Fencing not in line with

previous fencing, has been erected on both sides of the front of the property which is above the permitted limit and also on the land owned by No 54. An Excessive amount of lighting has been installed at the front and back of No 52, and is lit throughout the darkness until morning. Oatlands Road has a 'private' section and construction

traffic used to do all the renovations, has severely damaged the road surface.
