CONSULTATION RESPONSE RE: 251326 Sports and Community Infrastructure West and East of
Princess Marina Drive RG2 9BH

Application for submission of details to comply with the following conditions of planning consent
223764 dated 12/06/2024. Condition 14 archaeology.

I have reviewed the document which has been submitted and note that the details it contains are
currently under discussion between myself and the applicant's archaeological consultant.

I expect an update to this document will be drawn up and submitted in due course – or possibly just
a new trench plan – therefore please let me know if a new version is submitted – at which time I will
review it again

Kind regards
