Dear Ms Lynch

Re: Application Number F/2001/5243 – 44 Lupin Ride, Crowthorne

Further to receiving your recent letter and having studied the plans we are writing to object to the application made on the above property.

We regret to have to object, and in fact this is the first time of doing so, but we currently live in the property most directly affected by this planning application and feel this will negatively affect our property in three fundamental ways.

Firstly, our property is north facing together with our garden, and with the trees and adjacent properties we don't get a significant amount of sunlight into our garden. However, the sun that we do receive during the best part of the day is over the garage of 44 Lupin Ride. With this in mind when we purchased the property from new in 1996 we designed our garden and built our patio in such a way in order to maximise the amount of sun available to us. If this extension were to go ahead our garden would be blocked of this sunshine to an unacceptable level.

Secondly, due to our house being north facing our kitchen is very dark with the only light really coming through our side door that leads to our utility room and then on to the kitchen. This extension has been proposed immediately opposite this side door and would obviously have a major effect on this already dark room.

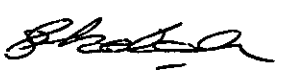

Lastly, the whole general feel of our property will be changed. Our garage is approached by a single driveway that is adjacent to the garage and driveway of 44 Lupin Ride. The proposal to build on top of the garage immediately creates a feeling of being much closer to the adjacent house and therefore creating a corridor effect between the two houses. One of the main selling points of the builder and indeed a great attraction to us when purchasing our house was that the properties on this estate have not been built on top of each other, many trees have been left and unlike most new housing estates the whole area has a spacious feel about it. It is this very reason why Kings Copse is such a highly sought after area in Crowthorne.

cont...

Should this proposal go ahead we feel the amenity of our property will be greatly affected. We also struggle to understand, why the new purchasers of 44 Lupin Ride wish to buy a property that clearly does not meet their needs, and consequently feel they have to extend immediately.

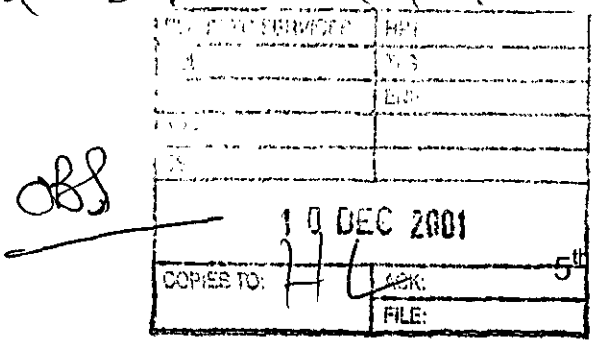

We would appreciate it if you would consider our case with the above comments in mind.

Yours sincerely

Paul and Stephanie Holden
