COMMENTS:

No! There has been far too many house built round here. The roads can not cope, the doctors can not cope and there is not enough room in the local schools.

WBC stop thinking about the money and think about the existing residents for once. We don't want it. WBC you won't do anything about the speeding, ridiculous parking issues, there are not enough bins for all the rubbish and don't get me started on not being able to get a doctors appointment. STOP allowing more and more houses to be built so you can line your pockets.
