COMMENTS:

I strongly object to this proposal for redevelopment at Thamesfield Retirement Village. I spend a lot of my time visiting friends at Remenham Row next door and I am horrified by the overbearing Thamesfield development which is so close to the boundary between the two. The proposed plans show that a single story side of the existing development is to be replaced by a three storey building five metres nearer to the fence and to even include overlooking windows and balconies which would destroy any privacy and light to inhabitants in Remenham Row. It is so close that there is not even space for any form of screening, not that it would lessen the overbearing nature of this addition. A site visit is essential to appreciate the effect this development will have as the perspective of the developer's brochure does not show the effect it will have on its neighbours at Remenham Row.
