COMMENTS:

I have looked at the amendments put forward by the developer. Whilst some small improvements have been included, I am still very concerned that the basic design of the houses is not in keeping with the character of the existing properties in the village. The proposed style of the houses with their high fences are very stark and suburban and would look very out of place in this village of mixed rural housing of different ages and character. I am particularly concerned about the proposed houses fronting School Road which are too close to the road and will be very prominent and unattractive. The unsuitable design of the houses was objected to by very many people when first put forward and I feel they need to come up with a much better style of house without all the dark weatherboarding.

I therefore wish to register my objection
