COMMENTS:

Form PP-14002950

Mr. Holland has already sub-let the annexe to 5 Nash Close. So, once again, he is asking for retrospective permission.

Paragraph 2 - PP- 14002950

The form states that the tenants have ample space to park on the driveway of Number 5 but they park one van and one car in the turning bay

Number 5 have abandoned a van, LB57 NYU, in the turning bay outside Number 8 Nash Close. This vehicle is not road worthy and has been in the turning bay for over a year.

UK Planning Maps for 5 Nash Close

The map submitted does not show the new out building which has been erected within the last 6 months. I do not know if Mr Holland needed permission or not for this building.

Mr. Holland rents out the bungalow, 5 Nash Close, to his daughter and family.

The Annexe has already been sub-let to another couple whose vehicles are permanently parked in the turning bay.
