COMMENTS:

Following a party wall and boundary survey, we met with Mr & Mrs Khanna who agreed that the proposed floor plan is incorrect, in that the boundary is not portrayed properly and the garage wall is not parallel to the rest of the right hand side wall. In view of there now being a change to the materials at the front of the house, please may we see the 3 houses no 70, no 68 and no 66 from the road side view, as these were previously redacted? Please can the ground floor be shown with the garage wall corrected?
