Ref: 26.17.04

Dear Sir,

APPLICATION 260608 - RISELEY RECREATION GROUND, ODIHAM ROAD, RISELEY, RG7 1SD – PROPOSED HEIGHT BARRIER

I refer to our previous discussions regarding the comments received from consultees, and, in particular, those from the Council's highway officer.

Please find attached drawing 26.17 – 002B. This drawing has been amended to remove the proposed new bollards at the existing "exit" onto Odiham Road. The purpose of this amendment is to address the highway officer's comments in respect of provisions for service and delivery vehicles within the car park. With the exit remaining unaltered the current arrangements for the access and manoeuvring of vehicles such as the refuse collection vehicle, bottle bank collection vehicle and other delivery vehicles will remain as existing, with the exception that the proposed height barrier will be opened when a delivery/collection is scheduled.

The highway officer's previous requirements for widening and upgrading the access would have impacted upon the existing hedgerow and this may have attracted an objection from the Council's Green Infrastructure Officer.

I trust the above information and the revised drawing is sufficient to address the outstanding points. Please let me know if you require anything further.

Yours faithfully,

Dermot McCaffery FIHE
