COMMENTS:

Remenham Parish Council (RPC) has considered application 250562 requesting the felling of the horse chestnut marked T1 to ground level (due to disease and ill health) and the subsequent planting of a suitable replacement in the surrounding location. A recent report said T1 was suffering from bracket fungus but with care could last another 20 years or more. A photograph of the tree shows this to be substantial and a good screen from the adjacent property. RPC requests before any WBC decision is made that a second opinion is sought from another arborist. If she/he concurred on felling/replacement then RPC is happy to see the tree removed and replaced.
