

Important Customer Notes:

Please study these plans carefully and note the dimensions shown along with any comments. We would also ask that you pay particular attention to the actual position on the building and the location of any gable ends, boundaries & existing door or window locations, as these drawings will be issued to our builder. Any changes, errors or amendments to these drawings must be notified in writing by email or post immediately to the architect. We are not responsible for any errors and would further advise that NO changes can be made to these plans once work commences on site as it will be a breach of contract to do so.

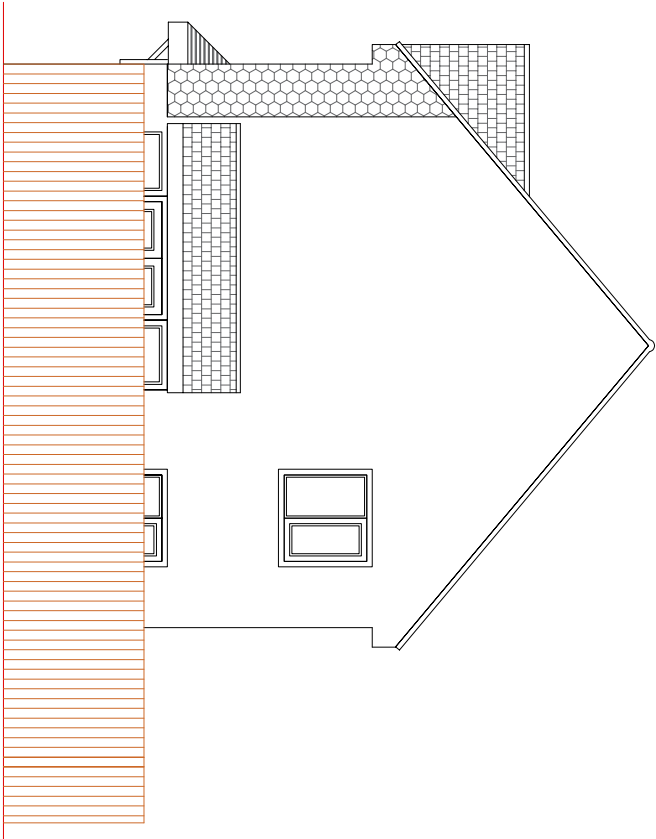

Notes: All dimensions are EXTERNAL, looking at your property from the garden, patio or terrace area, unless otherwise stated. All dimensions shown on the plans are EXTERNAL as indicated.

To calculate the approximate ground floor area: (for a house 5000mm wide x 3000mm projection externally would have an internal floor area of 4400mm x 2700mm).
