

Appendix 1.1: ES Assessor Information

The ES has been prepared under the Town and Country Planning (Environmental Impact Assessment) Regulations 2017 ('the EIA Regulations'). EIA Regulation 5.(b) requires that an outline of relevant expertise or qualifications of contributors accompanies an assessment. The relevant information for the team is provided below for each of the ES chapters.

Role/Topic	Author	Qualifications	Profile
EIA management and co-ordination (Savills)	Gavin Hall	BSc (Hons); MSc; MRTPI	Gavin is a Director with 26 years' planning experience and over 20 years' experience in the preparation of Environmental Impact Assessments (EIA). He leads Savills EIA Service nationally and provides strategic advice on EIA and reviews EIA Screening requests, Scoping reports and Environmental statements as well as assisting the coordination of EIA process and consultant teams.
	Matt Lendon	BSc (Hons); MSc; PISEP, REnvP	Matt is the Head of Savills Central South EIA Centre of Excellence and specialises in the coordination of Environmental Impact Assessments (EIA). He is involved in the preparation of EIA Screening requests, Scoping Reports and Environmental Statements and co-ordinates and manages the EIA process and consultant teams.
	Jack Bell	BA (Hons); MSc; MRTPI; AISEP	Jack is a Senior Planner & EIA Consultant with four years of experience in the preparation of complex major mixed-use, industrial and logistics and data centre planning applications and Environmental Impact Assessments (EIA). He prepares and coordinates EIA Screening requests, Scoping reports and Environmental statements as well as the EIA process and consultant teams.
Chapter 06 Air Quality (Aether)	Ana Gomes	MSc Environmental Engineering MSc Environmental Sciences and Technology Member of the Institute of Air Quality Management and the Institution of Environmental Sciences	Ana has over 13 years' experience as an environmental professional with over 10 years' in the field of air quality. Ana has expertise in carrying out ambient air quality assessments for major development and infrastructure projects, with particular expertise in transport related emissions air quality modelling (using modelling software ADMS-Roads). She has produced many air quality environmental impact assessments (EIA) for large mixed-use developments, dust and odour nuisance assessments and carried out ambient monitoring surveys. Ana is also an experienced user of mapping software including ArcGIS.

Role/Topic	Author	Qualifications	Profile
	Sam Putman	BSc (Hons) Environmental Sciences MRes Climate and Atmospheric Science	Sam is an assistant consultant at Aether with an academic background in Air Quality and Environmental Sciences. Sam has experience in completing Air Quality Assessments, also learning and becoming experienced in applying QGIS and Atmospheric Dispersion Modelling System (ADMS) to visualise and model the impacts of Air Quality. Additionally, Sam has also contributed to and independently completed Energy and Sustainability statements for larger developments. This reinforced Sam's understanding towards national and regional policies, measures and legislation towards Air Quality and Sustainability.
Chapter 07 Climate Change & Greenhouse Gases	Ruth Pike – Principal Consultant	BSc Biology with Oceanography	Ruth has 19 years of experience in the sustainability sector of the construction industry. Specialising in energy and sustainability strategies across a wide variety of development types across the UK with specific expertise delivering consultancy within the Greater London Authority area.
(AES Sustainability Services)	Andrew McManus – Director	BSc Sustainable Technology	Andrew has 16 years' experience in the sustainability sector, including post-graduate study in the field of sustainable construction approaches for housing in the UK. He has particular expertise in supporting large scale planning applications and strategic-level sustainability approaches.
Chapter 08 Ecology	Nick Jones	BSc, MSc, MCIEEM	Nicholas is the Head of Ecology and oversees all work carried out by the Ecology Team. He has over 17 years' experience working for commercial consultancy and specialises in European Protected Species (EPS) legislation and mitigation, holding Natural England Class Licences for barn owl, bats (Level 2) and great crested newt and is one of a small number of ecologists who is a Registered Consultant under the 'low impact' Bat Mitigation Class Licence. He has significant experience of Ecological Impact Assessment (EcIA) and has represented ecology at a Hearing. He is a Full Member of Chartered Institute of Ecology and Environmental Management (MCIEEM).
(ACD Environmental Ltd)	Jake Cranston	BSc, MCIEEM	Jake has undertaken various surveys, ranging from Habitat Surveys to Phase 2 surveys for protected species, including bats, badgers and dormice. Jake has written various reports, including Badger Technical Notes, and Landscape and Ecological Management Plans. Jake has a Great Crested Newt and Dormouse Licence issued by Natural England.

Role/Topic	Author	Qualifications	Profile
Chapter 09 Ground Conditions and Contamination (Wilson Bailey Partnership)	Dominic Brightman	BSC MSC DIC FGS CGeol ARSM	Chartered Geologist with 29 years of experience in ground investigation and contaminated land assessment.
Chapter 10 Noise and Vibration (Noise.co.uk)	Jonathan Seiffert	BSC, MIOA	10 years of experience in acoustics consultancy including environmental and building acoustics. Holds the Diploma in Acoustics and Noise Control from the IoA and full corporate membership of the IoA.
Chapter 11 Transport and Access	Ronan Wilson	BSc (Hons), MSc. MCIHT	Principal Consultant 8 years' experience working on the transport impact of development projects across the UK
(i-Transport LLP)	Phil Hamshaw	BA (Hons), MSc, MCIHT, MCILT	Partner 30 years' experience assessing the transport impacts of development projects.
Chapter 12 Hydrology (including Flood Risk and Drainage)	Jack Wsniowski	HNC	Associate with 12 years' experience.
(JPP)	Thomas Kirk	BSc (Hons)	Engineer with 3 years' experience.
