

PLANNING REF : 251359
PROPERTY ADDRESS : 12 Masdar Gardens
: Finchampstead
: RG404HQ
SUBMITTED BY : Mr Simon Bache
DATE SUBMITTED : 29/06/2025

COMMENTS:

The type of dwelling proposed is not in keeping with the look and style of neighbouring houses or the area. Its construction is likely to be a catalyst to the erosion of the quality of the area.

The applicant has already demonstrated a blatant disregard of rules and regulations by destroying trees that were subject to tree preservation orders. At a time when the country and indeed the world is concerned about preserving our natural environment, it is completely unacceptable that this kind of behaviour is tolerated.

Furthermore, as already clearly stated by others, work has illegally been attempted at the property through the public footpath immediately outside the property in question. This has also caused obstruction to pedestrians and the damage to the footpath remains uncorrected not to mention unsightly.

The proposed construction is strongly opposed and I would like the planning committee to reject the application.
