Appraisal

Development

For a proposed change of roof on a single story rear kitchen extension and new fenestration.

Two storey detached dwelling located within the identified settlement of Wokingham. The current roof is hipped and the proposal is for a gabled roof with replacement of two windows with one larger window.

1. Impact upon neighbouring properties

Due to the roof being reconstructed on only a first floor level and the 3m drive between no 90, the impact of the development on the neighbouring properties would be minimal. The move from a hipped to a gable roof causes no significant overshadowing nor overbearing.

2. Impact upon the character of the area

It is considered there will be no adverse impact to the character of the area.

Dear Sir/Madam,

Re: Planning Application - 92, London Road, Wokingham

With reference to your letter and returned documents for the above project I wish to comment as follows.

1. I have counter signed certificate A and didn't mean to delete Cert A, so it is to stand in the application.
2. I am surprised you wanted to see the other elevation of the new proposed roof, as it's appearance is self-explanatory. However,t I have drawn it and attached 6no. copies as requested as 92.05
3. Drawing no. 92.02 is now revised to A showing scale and annotation to window, which is to be removed.
4. Location plan showing site is now outlined in red.
5. You returned 6no. copies of drawing no. 92.01 as I submitted in the original application, but since then I have submitted a revised set of drawings as 92.01 A. Have you not received them ?

I have returned all documentation as revised above with original application and cheque for £95.00. Can you advise me as the time scale on getting this application processed?

If you require further information please contact me.

Yours faithfully

K M Harris
