COMMENTS:

If the property is intended to be used as a HMO, I would object to this application on the basis that the narrow road where cars are already parked in the pavement will become more congested. It is unlikely that the 5 vehicles shown will be kept within the property at 10 Westfields Road, but will spill out onto the road and become a danger to pedestrians, children in pushchairs and the disabled/visually impaired who use the road to gain access between Reading Road and Chatsworth Avenue.
