Hi James,

Thank you for your email.

Like you rightly anticipated, the email below does not change the position.

We need infiltration test results and groundwater monitoring results. February to March will be ideal to monitor groundwater levels for they will be highest, after all the wetness.

Regards,

Boni.

Hi Boni,

Please see the emails below from the applicant. I'm not sure this changes your position, but I thought I'd pass them on just in case.

Kind Regards,

James
