COMMENTS:

On behalf of our household and dependent, we submit the following objections:

1. Impact on Parking and Road Safety

The development introduces additional vehicles without sufficient parking provision. Existing off-road parking is already full and restricts access to our driveway. Increased traffic from staff, visitors, and emergency services poses safety risks, particularly for young children playing outdoors.

2. Misrepresentation of Land Ownership

The application includes land not owned by the applicant, as noted by other residents. This undermines the accuracy and legitimacy of the proposal.

3. Disruption to Residential Environment

Frequent staff and service visits will disturb the quiet character of Steggles Close. Increased activity, especially during unsocial hours, will negatively affect residents' quality of life.
