COMMENTS:

I strongly object to this planning application. The current activity and hours of operation at the site already disrupt the sleep patterns of our two young children, both during the day and in the early evening when they go to bed. Allowing any further flexibility to accommodate the site's needs is unacceptable, particularly as they already appear to disregard existing rules regarding transport, parking, and working hours. Given the proximity of the site to our housing development, I believe this proposal should not even be considered.
