Applicant: Pola Well Care Ltd,
Quadrant House
Broad St Mall
Reading
RG1 7QE

justin.hove@polawellcare.co.uk

This statement supports the planning application for a Change of Use from Class C3 (Dwellinghouse) to Class C2 (Residential Institution). The proposal involves a change of use only, with no external alterations, construction works, or modifications to the building or surrounding landscape.

Due to the small scale and non-intrusive nature of the proposal, no pre-application community consultation has been undertaken. As no physical development is proposed, there is not expected to be any impact on neighbouring properties in terms of appearance, privacy, noise, or general residential amenity.

The applicant remains fully committed to engaging with the community and will respond to any comments or concerns raised through the statutory consultation process carried out by the Local Planning Authority.
